

# Quality Policy

This policy identifies our organizational commitment to Quality and Continuous Improvement and provides the framework for maintenance of our objectives in quality. It communicates our approach to quality.

Edge Drilling (WA) provides quality Environmental, Diamond, Geotechnical and Exploration Drilling throughout Western Australia.

Our activities include:

- E**—Environmental (Hollow Flyte Auger Sampling, Monitoring Bores)
- D**—Diamond (HQ-3, PQ-3)
- G**—Geotechnical (Auto SPT, U63 Sampling, Diamond Drill Coring).
- E**—Exploration (Water Bores, Dewatering, Earth Rod Installation, Cyclone Tie Downs Vacuum Drilling)

Our management system provides a framework for addressing the following needs:

- Selection, training and development of staff and sub-contractors to maintain high standards.
- Availability of information and resources necessary to support our operations.
- Understanding the needs of our industry and our clients.
- Monitoring our client's level of satisfaction after completing our work.
- Continuous quality inspection and testing practices.
- Regulatory compliance.
- Setting and reviewing measurable business objectives.
- Commitment to continuous improvement of our management system.

## Application

The Managing Director of Edge Drilling (WA) is accountable for ensuring that this policy is implemented and that its effectiveness is reviewed annually.

This policy applies to all Edge Drilling (WA) sites and will be updated every two years. Edge Drilling (WA)'s personnel and sub-contractors in all areas of the Company's activities are responsible for applying the Quality Policy.
